Education

Bachelor of Technology in Computer Science Engineering (Data Science) 2023 – 2027
Gyan Ganga Institute of Technology and Sciences (RGPV) CGPA: 7.26/10

Technical Skills

Languages: JavaScript, Python, C/C++
Backend: Node.js, Express.js,
Frontend: React.js, Tailwind CSS, HTML/CSS,
Databases: MongoDB, MySQL
DevOps & Tools: Docker, Git, GitHub, Linux
Cloud: AWS (EC2, S3, IAM 15+ Services)
Operating System: Ubuntu, Windos, Linux
CS Fundamentals: DSA, Operating System, Data Base Management System, Object-Oriented-Programming

Projects

Phone-Pay Backend clone GitHub | Live
Tech Stack: Node.js, Express.js , Docker, MongoDB
– Built a PhonePe-inspired digital payment backend using Node.js, Express.js, and MongoDB, with modular APIs for authentication, wallet management, and peer-to-peer transactions. JWT-based authentication and secure credential handling with bcrypt, including MPIN setup and verification for protected payment flows.
– Developed core payment features such as add money, bill payment, balance tracking, and money transfer via phone number or UPI ID, with transaction history support.
– Integrated Swagger API documentation and Docker/Docker Compose setup to improve API testing, backend portability, and deployment readiness.

Anonymous chat rooms – Real-Time chat Applictaion GitHub | Live
Tech Stack: Node.js, Express.js, Socket.io, React.js (Vite), CSS
– Built a real-time chat platform enabling instant messaging using Socket.io
– Designed REST APIs using Node.js and Express.js; developed frontend with React.js (Vite)
– Implemented user authentication, typing indicators, and live updates.

Calculator Mobile-App GitHub | APK
Tech Stack: React Native, Expo
– Created a fully functional calculator app supporting real-time calculations.
– Implemented intuitive UI using React Native components with smooth transitions.

AI Image Genrator – Text-To-Image GitHub | Live
Tech Stack: Node.js, Express.js, Gemini API,React.js
– Developed an AI-powered image generation tool using Gemini API integration. responsive frontend with React.js and Tailwind CSS for enhanced UI/UX.
– Optimized API usage and improved rendering performance for quick outputs.

Achievements & Certifications

Debugging Champion 2026 Winner
– Won 1st Prize in the Debugging Championship at Gyan Ganga Institute of Technology and Sciences by solving competitive programming and debugging challenges.

Commonwealth Bank Virtual Experience (Forage)
– Completed virtual internship simulating real-world banking technology scenarios

Certifications
– AWS Cloud Foundations Certification
– AWS Cloud Practitioner Essentials
– Cisco Python Essentials Certification
– Cisco CCNA 1
– MongoDB Intro MongoDB Atlas
– Databricks Academy Genrative AI Fundamental
– Cisco Introduction To Data Science
